

Kiowa Mount Tip

YER IN LUCK, BUDDY!
WE GOT YOU A
CHAMP FER A WASHER!

Kiowa mechs in 3-level maintenance organizations, listen up! Items 3 and 21, fig 7-5 of TM 55-1520-228-34, look the same. They're not—one's flat, the other is chamfered. The chamfered washer, item 3, goes inside the mount—chamfered face against the spindle.

FLAT WASHER ON OUTSIDE

CHAMFERED WASHER ON INSIDE
