

Y'MEAN YOU'RE NOT GOING T' ENTER THAT ACTION IN TH' LOG BOOK?

IT'S NOT NECESSARY, SARGE!

Dear Windy,
With temperatures climbing, we're removing the pilot and observer doors on our OH-58.
I say we need an entry in the log book but my buddy says it's not necessary.
Who's right, Windy?
SSG J. L. J.

Dear Sergeant J. L. J.,
You are!
With the doors off you have a non-standard bird. So make an entry on the DA Form 2408-13 on the door removal and put the bird on a red diagonal status.
